

*LANEICE MORGAN*

LaNeice

When I first met 18 year-old LaNeice Morgan, I was taken aback by her presence; she carried herself with the confidence of a much older person. When I sat down to talk with her I immediately liked her, she was soft spoken, direct and had a wisdom that belied her age.

A native of the San Francisco Bay Area, LaNeice was born in Oakland and now lives in Hayward. She is currently a freshman at Contra Costa Junior College where she is a member of the basketball and track and field teams. LaNeice plans to transfer to a four-year college after her sophomore year and would like to continue her basketball career.

She came out to her friends when she was a junior in High School and to her family about a year later. Her friends have been very supportive and accepting and while it was initially a surprise to her parents, they have since come around as well.
